

# KANBAN PREVIEW.

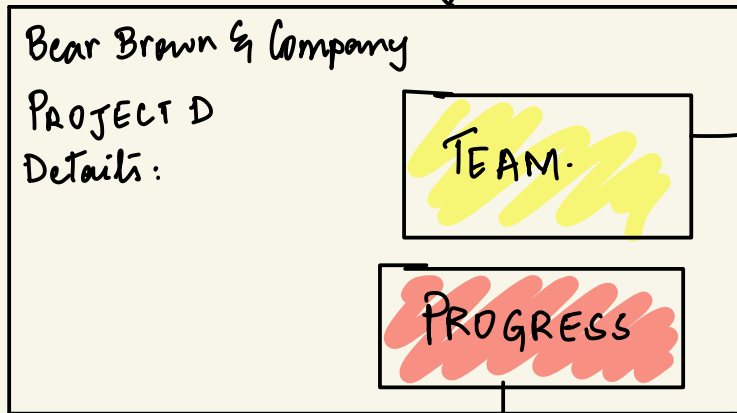

P.S: I Dk how to use figma  
So, I drew it on my iPad!!  
Shrimoyee can you put this on  
figma??

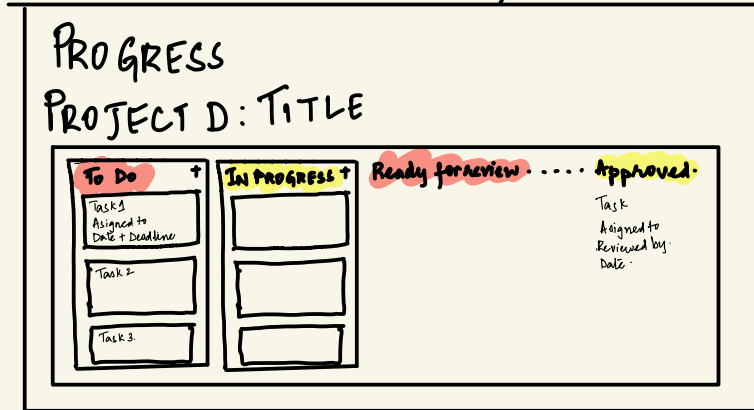

After logging in, the volunteer will see multiple pages and one of the common pages for volunteers & admin would be the below page.

Every project will have a diff owner / project managers.

→ This will be a pretty simple page. This will have the names of the team members & also their titles  
\* See BB & Co 'People' page.

In this page we should be able to drag/move one task from one list to other in order to change progress.
